

**Convention on Cluster Munitions
implementation supports
sustainable economic growth - While
the global economy is threatened with
the deepest recession in generations,
CCM implementation allows for
clearance and return to productivity, of
vast areas of land, empowering
impacted communities and allowing
them to (re) gain economic
independence.**

*In recognition of the Convention's 12-year anniversary,
we are putting forth 12 reasons why States should join
the Convention without delay.
